

Improve Your Quality of Life

From the factory floor to the Boardroom – CEBOS' MQ1 is a complete business process and quality management automation system. Maintenance and compliancy have never been so easy!

CEBOS' goal is simple. It is based on a personal sense of value that each employee at CEBOS shares - to bring quality to life. Make work less frustrating and efforts more rewarding, which leads to improving the quality of lives for individuals, families and companies.

CEBOS MQ1 suite of products are fully integrated and helps organizations reap huge advantages by automating business processes and automating the management of business processes. It doesn't stop there, all this while MQ1 enables compliancy with all the major quality standards such as 21 CFR part 11, ISO 9001:1994, ISO 9001:2000, ISO 14000, QS 9000, and TS 16949. CEBOS should know as it is registered to ISO 9001:2000 and uses MQ1 every day to run its business.
